

**LESSON**  
**11-8**

**Puzzles, Twisters & Teasers**

**A Great Horse Race!**

For each problem, decide whether the statement is true or false and circle the answer.

Answer the riddle by rearranging the letters next to your circled answers.

- |   |        |         |
|---|--------|---------|
| 1. $14 \div (-2) > 0$                                     | true C | false D |
| 2. $(-14) \div 2 < 0$                                     | true T | false E |
| 3. $35 \div (-17) < -1$<br>(this letter is used twice)    | true F | false M |
| 4. $(-35) \div (-17) > -1$                                | true S | false P |
| 5. $(88) \div (-8) = 80$                                  | true J | false A |
| 6. $(-88) \div (11) = -99$<br>(this letter is used twice) | true G | false O |

What kind of food does a race horse eat?

F \_\_\_\_\_ O \_\_\_\_\_
